

A FAMILY COMPANY SINCE 1969

FORMULA 512

DISINFECTANT

SANITIZER • DEODORIZER • VIRUCIDE

Sanifil Formula 512 is an extremely effective sanitizer, disinfectant, and deodorant for use in bars, restaurants, cafeterias, meatrooms, dairies, poultry plants, etc. This specialized formula is intended for use on countertops, eating utensils, drinking glasses, and any hard, inanimate, nonporous surfaces. It will sanitize the aforementioned at a dilution of 1/4 ounce per gallon of water. No rinsing is required, either! **Formula 512** is very effective against salmonella choleraesuis, staphylococcus aureus, and pseudomonas aeruginos.

Formula 512 also removes unsavory filth and soil deposits from the surfaces mentioned above. Simply pre-clean all surfaces before you go and disinfect them, then thoroughly wet the surface(s), and apply with a mop, sponge, or cloth or even spray **Formula 512** onto the surface. Simply dry the surface and you're done! No rinsing required!
