

PowerBoss®
The Power of Clean

Admiral 38C

Cylindrical Sweeper/Scrubber

About The Admiral 38C

The Admiral 38C provides sweeping, intensive scrubbing and perfect vacuuming in one pass. Single front wheel steer and drive provides exceptional traction and maneuverability making this machine easy to use and super productive. The cylindrical brushes give complete coverage as they float over any type of flooring, even rough and structured flooring. The sweeping function works especially well for industrial areas such as manufacturing facilities, warehouses and distribution centers where dirt and small debris may cover the area to be cleaned.

82 gallon solution and recovery tanks offer a longer cleaning time before dumping recovered water and filling with fresh water. The recovery tank offers easy access for complete clean out.

One touch operator controls. Press the green button and you are Power cleaning. The open operator compartment provides excellent visibility and entrance or exit from either side of the machine.

The standard sweep system allows for collection of dirt and light debris into the hopper, therefore allowing sweeping and scrubbing in one easy pass.

Specifications

Cleaning path width	38 in (96.5 cm)
Cleaning path w/side brooms	46 in (117 cm)
Squeegee width	49.6 in (126 cm)
Theoretical productivity	83,958 ft ² /hr (7,800 m ²)
Working speed	5 mph (8.2 km per hr)
Rated voltage	36 volts
Vacuum power	1.7 HP (1,270 W)
Drive motor power	1.9 HP (1400 W)
Brush type	Cylindrical
Number of brushes	2
Brush diameter	5.2 in (13.3 cm)
Solution capacity	82 Gal (310 liters)
Recovery capacity	82 Gal (310 liters)
Length	84.66 in (215 cm)
Width	49.6 in (126 cm)
Weight with batteries	3,158 lbs (1,432 kg)
Weight without batteries	1,578 lbs (716 kg)

Green Features

- Sound level ≤ = 70dBs
- Maintenance free gel batteries available
- Tool free brush removal
- Tool free squeegee removal
- One button operation
- Ergonomically designed for ease of use
