

390 Series

Tank Vacuum Series

General Overview

- Available in:
 - 15 gallon stainless steel with 105" waterlift vacuum assembly
 - 55 gallon painted tank with 105" waterlift vacuum assembly
 - 55 gallon twin motor with painted tank and 85" waterlift vacuum assembly

Key Features

- Designed with a self-sealing intake for a positive vacuum seal and can accommodate 1-1/4", 1-1/2" and 2" hoses, making it easily adaptable to any tool kit
- Exclusive embossed filter bag protects the motor and float shut-off from lint and debris during wet recovery applications
- Self-cleaning cloth filter bag keeps the cloth filter free of dirt and dust build up
- Lid assemblies come equipped with a full bag indicator light which alerts the operator when the disposable bag is full or when the cloth filter is clogged

Markets

- Hospitality
- Institutional
- Industrial
- Healthcare

Accessories/Options

- C39105-01 can be equipped with an optional 27" or 33" front mount squeegee.
- Tool kits are available for a variety of applications
