

Minuteman Wide Area Carpet Vacuums

Labor Saving.
Greater Suction.
Less Effort.

Minuteman's 747 Electric Wide Area Carpet Vacuum sweeps a wide 29 1/2" cleaning path.

Minuteman's Battery and Electric Powered Wide Area Carpet Vacuums Generate Powerful Suction to Clean Large Areas Quickly and Efficiently.

Minuteman Wide Area Carpet Vacuums Are Designed for Performance and Durability to Vacuum Large Carpet Areas, Yet Are Easy to Maneuver and Maintain.

PRODUCT FEATURES

Lightweight for Easy Handling

- Cleans up to 25,000 sq. ft./hr.
- Multiple carpet adjustments
- Fan deflector protects bag from sharp debris

Needle Felt Filter Bag

- "Breathes" to provide greater vacuum action
- 95% filtration efficiency at 5 microns
- 9 cubic feet capacity
- Mildew resistant – completely washable

Brush

- Helical design: means brush is always on the carpet, reducing vibration; moves debris from outer edges of brush assembly to the vacuum inlet
- Static free brush standard on battery models

Big Cleaning Power.

Minuteman's Wide Area Vacuums generate big power with less effort. A needle felt bag breathes to allow greater amounts of clean air to pass through the bag meaning increased air flow and greater suction while providing 95% filtration efficiency at 5 microns. This powerful cleaning is effortless when combined with the Wide Area Vacuums' continuous-duty blower and brush motor which moves more than 200 cu. ft. of air per minute.

Clean Faster. Save Labor.

A wider sweeping path, combined with Minuteman's powerful suction system, lets you clean up to 25,000 sq. ft. per hour — ideal for big cleaning jobs with wide areas. These battery and electric operated vacuums are durably constructed, yet lightweight in design, so they are easy to maneuver. Plus, the powerful brush action allows the 724 and 747 to glide across the carpet quickly, quietly and efficiently.

Two convenient sizes to suit your wide area vacuuming needs:

747 with a 29½ inch sweeper path 724 with a 24 inch sweeper path

Maneuvering around tables and racks is a breeze with the battery powered 724.

SPECIFICATIONS
