

Model CRV TM - Clean Room Vacuum

When used with a round brush tool, or any attachment, the Model CRV is effective at capturing dust particles in critically clean environments.

The Model CRV is designed for use in Class 1 Clean Room environments to reduce the incidence of airborne contaminants.

Minuteman Model CR V - 99.999% efficient at 0.12 microns

Surface contamination control is a challenging process within any cleanroom. "Unseen" particles, those particles smaller than 40 microns, can be the most difficult to control. The Minuteman Model CRV™ - Clean Room Vacuum was especially designed to be an intricate part of your facility cleaning procedures. It is ideal for use in Class 1 through Class 100,000 cleanrooms, gowning areas and air showers in all pharmaceutical labs, medical devices manufacturers, biological labs and computer rooms.

Our absolute filtration system includes a dual layer disposable paper bag, a non-woven cloth filter and a standard U.L.P.A (Ultra Low Particulate Air) filter, 99.999% efficient at 0.12 microns. This efficiency is much greater than normal H.E.P.A (High Efficiency Particulate Air) filters.

A powerful 1.2 hp motor supplies ample suction at a constant airflow, and with a sound rating of only 65 dba, it is one of the quietest units available.

Other features:

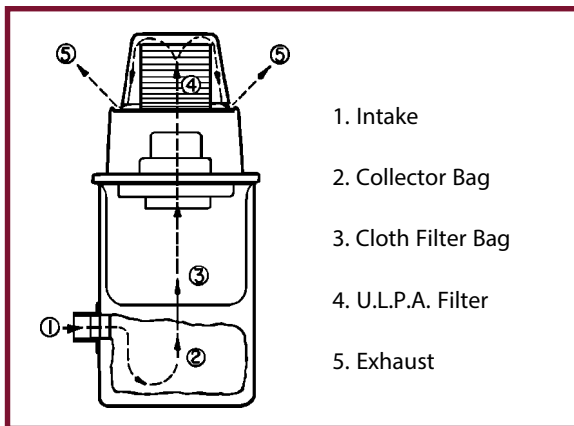

- A red indicator light alerts the operator when filter needs servicing
- A 50 foot power cord
- Optional Electromagnetic/Radio Frequency Interference filtration
- Complete filtration, including the carbon brush dust from the motor
- The U.L.P.A filter is covered and protected from damage

The Model CRV is available in stainless steel or painted units and come with or without a wheel carriage to suit your needs.

The Model CRV has a 4-wheel carriage, providing stability.

SPECIFICATIONS

	U.S. MEASURES	METRIC
AIR FLOW:	99 CFM	2.8 m ³ /min
POWER:	930 watts	930 watts
TANK SIZE:	4 gal	15 liters
CAPACITY:	.21 cu. ft. feet	.006 m ³
LIFT:	88 inches	2235 mm
CORD:	16-3, 50'	16-3, 15 mm
WHEELS: front	3"	8 cm
rear	6"	15 cm
WEIGHT (w/wheels):	26 lbs	12 kg
WEIGHT (w/out wheels):	19 lbs	9 kg
