# GRAND PRIX

**Floor Stripper & Tire Burn Remover**

## YOUR CLEANING SOLUTIONS RESOURCE®

### DESCRIPTION

**Grand Prix** is a low odor, ultra-concentrated (1:20), high-powered stripper that rapidly penetrates and strips off floor finish. A powerful solvent combined with organic compounds, penetrates and removes multiple coats of floor finish with minimum labor. This low odor formula is ideal for use in areas where odors are a concern. This high productivity floor stripper removes floor finishes completely with one pass and requires no neutralizer. This unique formula provides the lowest end-use cost per gallon due to its ultra-concentration.

*DO NOT USE THIS PRODUCT ON WOOD FLOORS OR PAINTED SURFACES.*

### DIRECTIONS

Sweep or dust mop the floor to remove any debris. Dilute stripper 1:20 with cold or mildly warm water- simply add one quart bottle per mop bucket. The optimum use-dilution will depend on the age and buildup of the floor finish. Apply the stripping solution liberally using a mop or automatic scrubber. Allow to stand for 5 – 10 minutes. **DO NOT ALLOW TO DRY.** Be sure to completely cover floor to baseboards. Scrub with a rotary floor machine or automatic scrubber equipped with stripping pads. Pick-up the solution and old finish with a wet vacuum, automatic scrubber, or clean mop. Rinse thoroughly with clean cold water.

**NOTE:** The product must be used only as directed due to its unique penetrating and liquefying ability. Do not use undiluted product. *Do not dilute with hot water.* To determine the optimum use-dilution, pretest on a small area. Wet floor may become extremely slippery. Be sure to keep pedestrian traffic away from floor until thoroughly dry.
