

LAVFRESH TB

RTU Tuberculacidal Disinfectant

YOUR CLEANING SOLUTIONS RESOURCE®

DESCRIPTION

LavFresh TB is designed specifically as a general non-acid cleaner and disinfectant for use in homes, hospitals, nursing homes, schools, food service establishments, office buildings, lodging establishments, retail businesses, veterinary clinics, and athlete/recreational facilities where housekeeping is of prime importance in controlling the hazard of cross contamination.

It is formulated to disinfect hard, non-porous, inanimate environmental surfaces: floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, glazed ceramic tile, plastic surfaces, bathrooms, shower stalls, bathtubs, and cabinets. For plastic and painted surfaces, spot test on an inconspicuous area before use. May be used in the kitchen on counters, sinks, appliances, and stovetops. A rinse with potable water is required for surfaces in direct contact with food.

FEATURES

- Broad efficacy
