

PHOENIX 2830 | PRODUCT FEATURES

The Phoenix 2830 is a compact brush scrubber with a 28" cleaning path and features a cylindrical brush deck with an integrated sweeping function. The cylindrical deck is made of corrosion-resistant aluminum casting. The quick change brush system allows for the brushes to be changed with ease, no tools necessary. Easy-to-understand controls ensure that the machine is simple to operate. The Phoenix 2830 features 30 gallon solution and recovery tanks. The recovery tank is easy-to-clean and hygienic while the Anti-Foam System (AFS) protects the vacuum motor from damage. An on-board charger is convenient and allows the machine to be charged anywhere. As an added safety feature, when the on-board charger is plugged in, the machine is not operable. The Phoenix 2830 covers 37,673 sq. ft. per hour. This powerful scrubber is easy to use allowing the operator to focus on producing professional cleaning results quickly. Daily maintenance is very simple using the oversized drain hoses and tank openings for quick clean out. Contact us today for your free site survey and product demonstration.

| FEATURES | BENEFITS |
|---|---|
| Cylindrical Brush Scrub Head | Cylindrical system provides sweeping and scrubbing capabilities. |
| Heavy Duty Scrub Deck & Squeegee | One piece, corrosion resistant scrub head and squeegee assembly. Provides a rust free long life. |
| Large Capacity | 30 Gallon Solution/Recovery provides long run times, less dumping and filling. |
| Productivity | 37,673 ft ² /hr, allows for large areas to be cleaned quickly. |
| Ergonomic Design with User Friendly Controls | Reduces operator fatigue, with excellent line of site & comfort zone hand rails. Provides maximum maneuverability & operator safety. |
| User Friendly Controls | Simple, easy to understand icons & selector switch plus one touch directional lever. |
| Durable Construction | Powder coated, epoxy painted, 11 gauge steel frame resists corrosion. Durable heavy-duty rotationally molded polyethylene tanks & bumper. |
| Tool-Free | No Tools required for quick squeegee blade change. |
| Safety Features | Bright Orange Color |
| LED Display | Battery Gauge as well as service indicator lights thus preventing unnecessary down time. |

| PHOENIX 2830 TECHNICAL DATA | |
|---------------------------------|----------------------------|
| Scrubbing Style | Cylindrical |
| Scrub Path | 28" |
| Sweep Capable | Cylindrical Wet Sweep |
| Power Source | 24 volts |
| Brush Motor Power | 1.2 hp |
| Brush RPM | 850 RPM |
| Brush Pressure | 2 Settings |
| Solution Capacity | 30 gallon |
| Recovery Capacity | 30 gallon |
| Scrub Brushes | 28" Cylindrical (2) |
| Theoretical Productivity | 37,673 ft ² /hr |
