BRUSH, PAD AND BROOM GUIDE

Get the best results with the right brushes, pads and brooms for your equipment.

For your floor-cleaning machine, the choice of the correct brush/pad is essential if the job is to be done properly. The right brush/pad will also help to get the job done faster, and the cost savings accrued from these productivity gains can be substantial. Take a look at our brush, pad and broom guide and choose the right tool for the job. Our range includes pads for stripping, scrubbing, spray buffing, polishing, crystallization and burnish-er-and every other need.

NOTE: The wrong choice can easily damage the floor, so take no chances. These are just suggestions. So be sure to contact your local Bortek sales representative before committing to any broom or brush type so you can get the best results!
